VOLUME CVII.—NO. 208. ALEXANDRIA, VA., WEDNESDAY EVENING, AUGUST 29, 1906. PRICE 2 CENTS.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic regions, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

ALL FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Declares Contract Illegal.

Union labor was yesterday dealt a heavy blow by the decision of Circuit Court Judge Chester A. Fowler, of Fond du Lac, Wis., in the boycott suit for $25,000 damages brought by Otto B. Schultz, a Racine baker, against the Trades Labor Council, Benjamin Dressen and others. The decision holds illegal the contract exacted from the boss bakers by the union men in an effort to enforce the closed shop. The Trades Council and the individual members are enjoined from using the "unfair list." The boycott is declared an actionable conspiracy to accomplish a criminal or unlawful purpose; Schultz is allowed to recover damages of $2,500 for the loss of profits from the time of commencement of the boycotting acts up to the time of the trial and $3,500 in damages for the amount of injury to his business and property in relation to its selling value.

The decision in part is as follows: "All boss bakers of the city signed this agreement except the plaintiff, who has steadfastly refused to do so. Upon the plaintiff refusing to sign, concerted attack upon his business was begun by organized labor, with the object and purpose of compelling him, against his will, to sign the contract, and has been maintained with more or less vigor up to the present time. The plaintiff has suffered a permanent and all but destructive injury to his business, which has been caused by the combined acts and the attitude of organized labor. An injury to one's business and trade is on the same footing as an injury to his tangible property, and the law furnishes a remedy for one as well as the other. The court declares that the contract the union sought to force on the boss bakers "was in itself an illegal contract, in that it would by its terms obligate the plantiff to employed union labor only as distinguished from non-union labor and it would obligate him to maintain a 'closed' as distinguished from an 'open' shop."

Persia and the Powers.

The British government is fully alive to the critical condition of affairs in Persia and to the alleged efforts of Germany to obtain a footing there, and it is stated steps doubtless will be taken by the powers to protect their interests when a crisis arrives.

So far as Germany's action is concerned she has done nothing to which Great Britain or any of the powers could take exception, her efforts being confined to the expansion of her trade. The officials in London do not believe that Germany is trying to secure an island in the Persian gulf as a naval base, as it would be at all times at the mercy of any hostile fleet. As for a commercial port, the officials add, there cannot be any objection to her obtaining one.

Besides, Great Britain feels more secure regarding Persia since the recent troubles, when the population showed confidence in the British by flocking to the legation of Great Britain, where they remained until the Shah granted their demands for reforms.

Then there is a better understanding between Great Britain and Russia, which will be of mutual benefit should Persia be disrupted.

The London foreign office officials express surprise at the recent announcement at St. Petersburg to the effect that a survey had been made for a railroad through the Pamir territory, northeast of Afganistan. It was pointed out that a survey for such a line was made a year ago, and that it is improbable that Russia in her present condition and in view of her good relations with Great Britain would attempt to build the road now. Russia, it was added, has no commercial interests in the Pamirs, the proposed line being purely strategic and one which Great Britain would consider to be a direct threat of an attack on India.

Raiders to be Indicted.

It is quite certain that the Kentucky posse which entered Lee county 10 days ago in pursuit of Frank Ball, a Kentucky desperado, will be indicted as individuals. Frank Lee, a young Lee county farmer, was killed in the resistance made by Ball and his friends. It is also reported now that another Virginian was killed. Ball finally surrendered to the posse, and started with them to Jonesville, the county seat of Lee, but later expressed a willingness to return to Kentucky without a warrant, and they all passed back over the Kentucky line without deference to legal process. Ball was wanted for killing a man in Middlesboro, Kentucky.

Governor Swanson ordered Judge W. A. Skeen and the Lee county authorities to make a full investigation. Judge Skeen writes to the Governor that the names of the men who took part in the raid are known and that all the facts in connection with the invasion, the killing of Lee and the taking away of Ball will be passed upon by the grand jury at the next term of court.

When indictments are returned the Governor will issue extradition requests at once on the Governor of Kentucky and bring the members of the posse to Lee county for trial.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

WEDNESDAY EVENING, AUG. 29, 1906.

THE CLOSING of the doors of the Real Estate Trust Company in Philadelphia yesterday, while not a thunderbolt out of a clear sky, caused considerable consternation not only in the city of brotherly love, but in other places also. The failure has followed close in the wake of other financial collapses in this country during the past few weeks and it naturally added to the lack of confidence already apparent here and there in the United States. The result of the closing of a bank is widespread, its ramifications extending to every quarter of the compass. Money is the most sensitive of all barometers, and those who have to trust their savings with others become anxious when they hear of such concerns as the Real Estate Trust Company going to the wall with liabilities exceeding their assets by several millions.

SUPERINTENDENT MORGAN, of the penitentiary, announced yesterday that he would call on Judge Witt, of the Richmond City Corporation Court, to issue an order on the city sergeant to furnish 100 inmates of the city jail to work on county roads. Jail prisoners, under an act of the last general assembly, are liable to be impressed for this service. The Richmond prisoners, it is understood, will be requisitioned for work in Washington county, in the far southwest. This is the best use that these prisoners could be put to, and if the criminal class were made to understand that a jail sentence means hard work there would be fewer prisoners.

PRESIDENT ELIOT, of Harvard, like many others, does not sympathize with President Roosevelt in the matter of spelling reform. In an interview yesterday he said he did not think the plan proposed would be adopted by the people generally. Dr. Edward Delevan Perry, professor of Greek at Columbia University, New York, and president of the Archaeological Institute of America, believes it will take three or four generations to bring about a reform in spelling in this country, and not less than twenty five or thirty years must elapse before 300 words already simplifield by the Simplified Spelling Board can become generally used.

THE recognition of the faithful services rendered the city by Capt. Albert Bryan, chairman of the finance committee, were voiced in the resolution offered by Councilman Strauss at the final meeting of Council last night and unanimously adopted. Capt. Bryan will be truly missed by his colleagues and the city has lost the services of a faithful servant.

WALTER WELLMAN, now at Hammerfest, Norway, has decided not to attempt an expedition to the North Pole this fall, on accout of defects in the mechanical equipment of his airship. Next year Mr. Wellman, in all probability, will have another excuse for delaying his proposed balloon trip to the pole.

THE City Council held its last meeting of the session last night and adjourned sine die. The members worked earnestly and faithfully during the session and planned and perfected many improvements which have greatly advanced the material welfare of the city.

IT IS PERTINENTLY asked by the Philadelphia North American, if the Standard Oil trust is convicted on the 6428 counts and fined $128,560,000, how many gallons of kerosene will it take to finance the denaturized alcohol trust?

THE weather bureau continues to predict clearing weather but the weather keeps right along raining as though it had never rained before.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Aug. 29.

Harmony has been restored between President Roosevelt and ex-Senator Chandler, who acted as go-between for the President and Senator Tillman, of South Carolina, when the latter was in charge of the railroad rate bill. President Roosevelt today extended for six months the life of the Spanish claims commission, of which ex-Senator Chandler is chairman.

Chief Wilkie of the secret service of the treasury department today filled with the state department a formal report of the recent arrest by his officers of Capt. Geo. B. Boynton, in New York, on the charge of counterfeiting coins of the Venezuelan government, so that the latter government may be fully informed of the action taken by the United States in the affair. Chief Wilkie says that the probabilities are that they have Capt. Boynton on the road to the penitentiary as the penalty for counterfeiting foreign coins is not more than five years in the penitentiary and not more than $1,000 fine. Capt. Roynton was caught with the goods on him in the shape of some finely executed died of the fine bolivar piece of Venezuela which is equivalent to the American dollar. At the time of his arrest he claimed that what he was doing was a war measure and he will put up the same defence when he faces a jury on September 11.

The State Department today received from Ambassador Thompson, of Mexico, a statement signed by sixty citizens of Chihuahua, Mexico, which had been forwarded to him by U. S. Consul W. W. Mills at Chihuahua. It denies the report that American lives and property are in danger there. The statement is as follows: "Sir:—We the undersigned American citizens, residents of Chihuahua, desire to contradict the many false and sensational statements in the press of our country and particularly in Harper's Weekly of August 25 regarding an uprising against Americans. We are thoroughly informed as to the conditions existing in the state of Chihuahua, and are convinced that an anti-American movement is contemplated or probable. Our lives, families and property are secured. Please communicate this to the proper officers of our government by telegraph."

U. S. Minister Collier has informed the state department that the royal decree putting into effect the new commercial convention between this country and Spain will be published today. An important feature of the proclamation will be that the lower tariffs which Spain is granting on imports from the United States will be made to apply to imports now in bonded warehouses as well as to future imports.

Mr. Hanihara, second secretary of the Japanese Embassy, left here today for Alaska where, under a commission from his government, he will institute a rigid inquiry into the recent killing of several Japanese who were caught poaching on the United States seal preserves on St. Paul Islands, in the Pribylofls. He has been given every assistance by this government in making his inquiry.

Senator Tillman has ignored an invitation from President Roosevelt to witness the naval review at Oyster Bay from the deck of the Mayflower. Senator Tillman has declared that he will never accept any invitations from the President or visit the White House until Mr. Roosevelt has apologized to him for what he regards as a gross insult. Senator Tillman was invited to attend the State dinner given by President Roosevelt in honor of Prince Henry of Prussia, but two days before this event Senator Tillman, who had a controversy with his colleague, made a violent assault on Senator McLaurin on the floor of the Senate. President Roosevelt withdrew the dinner invitation.

Secretary Shaw this morning declined to discuss seriously the Wall street claims of a threatened panic. He had just returned from Boston. He had already announced that he has no present intention of interfering with the money market.

Secretary Wilson, of the Agricultural Department, returned this morning from an inspection trip among packing plants in the northwest. He said that the problem now under consideration is concerning the label.

There was an increase of $2,609,420 in the internal receipts for July over the same month of last year. The aggregate receipts were $23,399,867.

The express companies of the country had their innings before the Interstate Commerce Commission today. They came to implore the commission to extend the time for filing and posting tariff schedules. The expressmen asserted that it would be an absolute impossibility to prepare the required schedules for several months to come. They might get up their own individual sheets by November 1st by working overtime, but when it comes to preparing the joint schedules that date would be out of the question. They also protested against the posting of the entire schedules in stations, and like the railroads asked for the privilege of posting noticed instead.

The Treasury Department this afternoon announced the regular weekly purchase of silver bullion, the amount being 200,000 ounces and the price 67.05 cents an ounce.

Reports have reached the Treasury Department that the new mint recently established by the Canadian government at Ottawa is about to begin operations. It is said that it will be the effort of the Canadian government, by offering certain inducements, to endeavor to divert to this mint all of the Klondyke gold heretofore been brought to this country and minted at San Francisco.

The young Prince received the principal appellation of William together with the long string of supplementary names always conferred on imperial babies

New York Stock Market.

New York, August 29.—Waves of liquidation broke over the stock market today because of the crash of the Real Estate Trust Company, in Philadelphia. Hundreds of small traders throughout the country sold their holdings on the belief that if a company of such apparent solvency was nothing but a shell, it was more than possible that other companies might disclose a rotten condition if the truth were known. The whole list was animated and inclined to heaviness throughout the first hour.

There was wild trading all through the first hour, with 10,000 share orders so plentiful in numerous stocks as to create general comment. The buying around the room was of so impressive a character that it forced room traders to hurriedly start covering shorts put out at the low levels. The feature of the trading was that stocks were fairly grabbed as soon as they were offered.

THE TRUST COMPANY FAILURE.

As was stated in the Gazette, the Real Estate Trust Company, of Philadelphia, organized in 1885, the depository for nearly $1,000,000 of the funds of the Presbyterian Church and holding $300,000 of the money of the city of Philadelphia and $175,000 of State deposits, yesterday closed its doors. The failure was caused by heavy loans made by the late president, Frank K. Hipple, to Adolf Segal, a promoter, on alleged insufficient security. A desperate effort was made to save the institution by the board of directors through an appeal to the Clearing House Association, but that body declined to subscribe a guarantee fund of $7,000,000 because of insufficient security.

The liabilities are placed at $10,000,000, with quick assets of $8,500,000 and doubtful collateral amounting to $8,000,000.

Samuel F. Houston, vice president of the Real Estate Trust Company, issued a statement after the trust company had closed its doors in which he said that the affairs of the company were much involved and that the officials found themselves unable to continue business.

Rumors of the condition of the bank caused a slight run early yesterday, and in the last half hour thousands of dollars were drawn out by depositors.

George H. Earle, jr., president of the Finance Company of Pennsylvania, was appointed receiver, and in a statement to the public he expressed the hope that he may soon be able to recommend a plan to the depositors that will better serve their interests and terminate his services.

President Hipple was always regarded as a conservative financier, but following his sudden death last Friday an investigation by the directors developed the fact that his loans to Segal had been made regardless of proper security, and that he had made false statements to the directors of the bank's condition. Friends of the late president express the belief that Segal exercised a hypnotic influence over Mr. Hipple.

Although the cause of Mr. Hipple's death was given by his physician and the coroner as cerebral hemorrhage, it is intimated that he may have committed suicide.

Mr. Hipple, in addition to being president of the Real Estate Trust Company, was treasurer of the trustees of the General Assembly of the Presbyterian Church in the United States and of several other church funds, and was a director of the Franklin National Bank. Recently Mr. Hipple's accounts with the Presbyterian Church were examined by certified accountants and were found to be correct, but it cannot be stated positively whether all the securities belonging to the General Assembly are intact. He was one of the original owners and a director of the Washington-Alexandria and Mt. Vernon Railway Company and at the time of his death was secretary of the Land and River Improvement Company of New Alexandria.

In addition to the deposits of the General Assembly, the Real Estate Trust Company had about $25,000 of funds placed there by Dr. Roberts, stated clerk. The Presbyterian Hospital of Philadelphia and the Presbyterian Board of Relief, he said, also had sums of money in the institution.

The stock markets of New York and Philadelphia were affected materially by the closing of the doors of the trust company.

FLOODS IN VIRGINIA.

Part of Jordan's White Sulphur Springs, a popular summer resort, six miles northeast of Winchester, was visited by a flood Monday night. The damage will reach hundreds of dollars.

All the fences surrounding the springs were washed away, half of the bathhouses and the bathtubs were carried off by the water and pavements were torn up. The bridge across the creek in front of the springs was submerged and water went into the lower rooms of the hotels.

At Berryville, in Clarke county, the streets were flooded and horses swam out of the stables to save themselves.

The Appomattox river has overflowed its banks, the water is still rising and Petersburg is threatened with the most serious freshet in years, caused by the heavy rains of Monday night. The freshet was sudden and unexpected, and much lumber along the wharf was lost in consequence.

The first floors of several big warehouses are flooded and the Virginia-Carolina Chemical Company's loss is about $1,000 on stock. The Atlantic Coast Line Railroad Company has a force of hands on its bridge to ward off floating timbers, and the Seaboard Air Line's bridge over Swift creek is said to be in danger.

The silk dye works plants of Werres & Hinton, in Dinwiddie county, narrowly escaped destruction by the swollen waters and another boarding had to be torn off to allow the water to pass through the building.

News comes from Farmville, 75 miles above Petersburg, on the Appomattox river, that the water there is higher than it has been in 10 years, and is still rising.

The section adjacent to Newport News has suffered enormous damage from the unusual rainfall of the past month. With one or two exceptions, there have been heavy rains every day of the month. The crops, especially corn, peanuts, and late truck have suffered a damage amounting to probably $500,000 on the peninsula from Newport News to Williamsburg.

While it is impossible to express accurately the damage done by excessive rain in Norfolk and vicinity this month it is certain that it will amount to upward of $100,000. Roads have been rendered almost impassable. Potatoes, to the extent of thousand of acres, have rotted in the ground, and growing corn in many fields has fallen down. Tomatoes have been all but ruined. Fields cannot be worked, and the planting and harvesting have been delayed.

Rain has also greatly injured the business of near-by summer resorts. The terrific rainstorms that have passed over Danville and vicinity during the past thirty days have done heavy damage to the tobacco and other growing crops. The recent severe rains have inflicted thousands of dollars' worth of damage to tobacco as a result of drowning the plants and causing rot.

Dispatches from Richmond say that wide distress is being caused in Virginia by rains that have fallen 50 out of 60 days and a large part of the time continuously. As a rule the crops are hidden by a rank growth of weeds, which the most industrious have had no opportunity to attack. The wheat crop to a large extent is still in stacks in the field and badly sprouted. Tobacco fields have been unworked for two months and are struggling for existence with a ranker growth, while root plants are rotting in the soil. The tobacco crop, where it has not been washed away, as is the case in narrow valleys, is fine, but coarse in quality. The corn is magnificent and defies all weeds and neglect in a royal growth. The roads in the country are ponds for long stretches and are past traveling. The loss has been many hundreds of thousands of dollars. With another week of continuous rain, it will be measured by millions.

Fears are entertained in Lynchburg of a freshet in the James river on account of the heavy rain that is falling. The gauge at 8 o'clock last night showed 4 feet, with a steady rise.

Fears a Money Panic.

New York, Aug. 29.—Fears of a money panic in Wall street have brought Secretary of the Treasury Shaw hot foot to New York to look over the financial situation. He has been told by the big bankers that only a wholesale calling of loan will prevent the surplus reserve from being wiped out. A heavy calling of loans in the present period of inflation of stock prices would cause a severe slump. Secretary Shaw saw several bankers yesterday and talked over the delicate situation. On the eve of the great crop moving period when funds are wanted in the middle west, Wall street today finds itself without funds. The money has been used in wild stock speculation and the straw which broke the camel's back and depleted the reserve in the banks was the lifting of Union and Southern Pacific. Rather than precipitate a debacle on the stock exchange, it is thought that Secretary Shaw will renew his offer of last Spring when he permitted these banks who engaged gold abroad, to withdraw the gold in advance from the subtreasury, thereby saving interest in transit. Such an expedient will enable the local bankers to fill their coffers with London and Paris gold and tide them over the harvest period. Western cities are calling for cash deposited in local banks and their demand must be met.

Virginia Hibernians.

The Ancient Order of Hibernians, which closed its biennial State convention at Norfolk yesterday, elected the following officers to serve two years; Joseph L. Burke, of Norfolk, president; James O'Callaghan, of Newport News, vice president; John T. Flood, of Portsmouth, treasurer; William McDermott, of Roanoke, secretary, and Rev. John B. Doherty, of Norfolk, chaplain. The 1908 convention of the order will be held in Portsmouth.

The convention decided to reduce the burial assessment of the members of the order from ten to five cents a month. The burial assessments were commenced about eighteen months ago. Now there is about $1,500 to the credit of the fund in the treasury of the order.

Today's Telegraphic News

Mr. Bryan.

New York, Aug. 29.—The North German Lloyd steamer Prinzess Irene from Gibraltar, with William J. Bryan on board, was sighted southeast of Fire Island at 11:45 a. m. She will probably reach Sandy Hook about 3 p. m.

Three hundred thousand people from all parts of the United States, together with a tremendous outpouring of Gotham's millions, will be waiting at the dock to extend a welcome to William Jennings Bryan when he reaches here.

Never in the history of the country has such a hurrah party been arranged for a private citizen as is promised Thursday afternoon when Mr. Bryan drives up Broadway. Governors, Mayors, State Senators and other dignitaries heading delegations from every State in the union are arriving in the city today. Theoretically the reception is to be a nation's felicitation of the greatness of one of her most promising sons, a man whose personality and high mindedness have within the last year won for him the respect and good will of the leading nations of the world—this feeling having been manifest during his recent globe trotting tour.

That is what the reception means theoretically. In reality, however, it is according to the expressions of men used to judging the nation's work, to be the national democracy's friendly slap on the back of the man who is returning to this country with a presidential nomination sealed and addressed to him personally, to be delivered some two years hence.

In substantiation of this last opinion, it is perdicted that in the speech which Mr. Bryan will make in Madison Square Garden, tomorrow night, will be found the democratic keynote of the next presidential campaign.

Tomorrow's parade is to be a democratic turnout in honor of citizen Bryan. The opportunity to rebuke the "imperialistic pomp and pageantry" of the last presidential inauguration (a republican arrangement) will not be overlooked. There will be nothing military about the parade.

Ten years ago, Wall street poured out its millions to defeat the "boy orator of the Platte." Tomorrow when the Nebraskan moves through the financial district, he will be greeted with cheers and salutes from the homes of the great financial institutions which but a decade ago, trembled in fear of his radicalism. Today, they view him as a conservative. They will listen eagerly tomorrow night to that speech in the hope of having their present view substantiated.

When the Prinzess Irene anchors for a few moments off Quarantine for medical inspection tonight or tomorrow morning, she will be boarded by a reception committee which will invite Mr. Bryan to board the steam yacht Illini. He will be landed at the Battery at four o'clock tomorrow evening and turned over to the escort which will take him to the Victoria Hotel and later to Madison Square Garden where the reception is to be held.

While on board the Illini, which will cruise about the lower bay, Mr. Bryan will be acquainted with the latest developments in national politics. Promptly at 4 o'clock Mr. Bryan will be landed at the Battery.

Ranged along the Battery sea wall will be the visiting delegations and a welcoming committee headed by Gov. Folk, of Missouri; Wm. Hoge, president of the Commercial Travelers' Anti-Trust League, and acting Mayor McGowan. The acting mayor will tender to Mr. Bryan the freedom of the city. The guest of honor and his reception committee will take seats in carriages, and led by several platoons of mounted police and followed by a procession of carriages containing State and municipal officers, members of Congress and prominent politicians the line of march will be taken up Broadway.

At the Victoria Hotel Mr. Bryan will make his headquarters. Mr. Bryan will take dinner at the hotel with a few personal friends, and later in the evening will be driven to Madison Square Garden for the reception.

The reception will be opened by Harry W. Walker, who, on behalf of the Anti-Trust League, will introduce Governor Folk of Missouri, the chairman of the reception committee. Governor Folk will speak briefly, introducing Mayor Tom Johnson, of Cleveland, as chairman of the meeting, who in an equally brief speech will present Augustus Thomas, the only speaker of the evening besides Mr. Bryan, who will then make the speech which will sound the key note and the issues for the next campaign.

Outside the garden in Madison Square park there will be an overflow meeting and Col. Bryan will make a short speech to the thousands there. The next day Col. Bryan will go to New Haven, where he will make a speech on the exact spot where four years ago he was hissed by Yale students. Friday evening he will make a speech at Bridgeport.

MR. RIXEY'S REPLY.

The American Federationist, the official organ of the American Federation of Labor, contains letters from Representatives Maynard, Lamb and Glass relative to the labor question. These letters were sent to the secretary of the Federation in reply to those directed to them.

The bill of grievances sent out to different congressman throughout the United States, asked specifically their position on the eight-hour law, the convict labor law, immigration, Chinese exclusion, seamen's rights, ship subsidy, trusts and interstate commerce, the anti-injunction bill and other subjects relatives to the laboy question generally.

Mr. Rixey's reply is as follows:

"I have been a member of congress for eight years and I refer you to my record as to whether I am a friend of labor.

"In regard to my views on the subject matter contained in your bill of grievances, I have to say that the Congressional Record shows my position in regard to some of them. I am unreservedly in favor of others, while there are others still that I have not investigated and am not prepared to pledge myself in regard to matters which I have had no opportunity or occasion to investigate. I do not think that labor has ever had any cause to complain of my public or private acts, and I do not apprehend that any occasion will arise when any just charge of unfriendliness to labor can be brought against me."

Killed by a Trolley Car.

New Brunswick, N. J., Aug. 29.—Mrs. Robert Armstrong, aged 32, residing at South River, was struck and killed by a trolley car, of the Public Service Corporation line, from this city to South Amboy, last night. The car was in charge of motorman Devitt Board, of South River. The woman was deaf and almost directly in front of the car. Coroner Moke will hold an inquest.

Real Estate Trust Company's Failure.

Philadelphia, Aug. 29.—A crowd of angry depositors, including many women, congregated today about the skyscraper of the collapsed Real Estate Trust Company at Broad and Chestnut streets.

The line blocked the city's busiest corner and the detail of police left on guard over night, was unable to cope with them. At first depositors gave vent to their emotion by tears, but during the morning many mutterings were heard and some of the crowd voiced their indignation in threats against the officers and directors of the wrecked concern.

There are no indications this morning that the Real Estate Company situation has disturbed other banks and trust companies. There has been some shifting of accounts among trust companies, but no particular importance attaches to this. It is stated positively that no other institution is involved in any way with the Real Estate Trust Corporation. A banker says that the only way in which other institutions might be affected would be in holding Real Estate Trust Company stock as collateral for loans, but this would be in such small amounts as to be trifling.

George H. Earle, jr., temporary receiver of the Real Estate Trust Company, this morning went before Judge Audenreid and qualified for the position.

It is Mr. Earle's opinion that the concern will soon resume in some shape, or other, as the directors have concluded to meet all claims of depositors.

Philadelphia, Aug. 29.—The feeling in the financial circles this forenoon was much more cheerful largely because of the assurance that no other of the financial institutions of the city has been disturbed by the Real Estate Trust Company suspension. Additional confidence was lent in the semi-official report that at a meeting held in one of the large banks arrangements had been practically completed by which sufficient funds would be obtained to allow an early resumption of business by the institution.

Deputy Register of Wills Irwin today admitted to probate the will of former President Hipple of the defunct company. The will is brief. It leaves an estate valued at $130,000 and awards it to his son Wharton Hipple. There is an "Aunt Sally" named in the will, but no one knows who she is.

Philadelphia, Aug. 29.—A high financial authority said late this afternoon that at a meeting in the office of one of the leading national banks arrangements were completed for securing sufficient funds to enable the collapsed Real Estate Trust Company to resume business within the next forty-eight hours. A petition will also be presented to the court to discharge Mr. Earle as receiver.

Philadelphia, Aug. 29.—Shortly before noon Wharton Hipple, clerk in the Trust Company, attempted to leave the bank by a private door. He was recognized by the crowd of depositors in the street and a rush was made toward him. "This is the son of a rogue who was pious enough to say he did not have faith in a man who smoked a cigar or chewed tobacco," yelled a lusty lunged man in the crowd. Hipple invoked the aid of the police and they were compelled to bear him on their shoulders to protect him from the infuriated crowd.

Attack on Consulates.

Liverpool, Eng., Aug. 29.—An attack on the consulates of the various nations at many points throughout Russia, with the object of involving the government in complications with foreign powers, is being planned by the Russian revolutionists as their next step in their campaign to force the government to grant them the reforms for which they are fighting. This is the news sent by the correspondent of the Post, at Odessa, Russia. A proclamation has been issued by the radical section of the socialist revolutionaries, according to the correspondent, in which the programme is outlined. The matter is now in the hands of a committee of revolutionists which is completing plans to have all the attacks on consulates made simultaneously

Two Men Drowned.

New York, Aug. 29.—Two men were drowned today, when the Jersey Central ferryboat Red Bank crashed into the naphtha launch Hudson, and splintered the little boat against the bulkheads of the Jersey City pier of the railroad. One of the men struggled for ten minutes in the water, begging those on board to save his life. The other man sank from view soon after the collision. Fears are expressed that there may have been others on the Hudson who are now at the bottom of the river and sank before their cries for help could be heard. What was left of the launch sank.

Alleged Plot.

Birmingham, Eng., Aug. 29.—The Post today says that a number of members of the Russian secret police are searching London for traces of suspected plot for the abduction of the Czar. The highest families in Russia are implicated in the plot, including the reactionary instigators of a counter revolution, who are not aiming at the method of rule, but the person of the ruler. It is said that this clan have a grand duke ready to take the Czar's place as soon as he has been abducted or forced to abdicate, which, possibly, is only a matter of hours.

Watchman Murdered.

Sayre, Pa., Aug. 29.—What is believed to be one of the most deliberate Black Hand murders enacted in this section was committed last night, when C. E. Messenger, night watchman of the American Bridge Works, in Athens, was stabbed to death with an Italian's stiletto. Some time ago Messenger had trouble with an Italian laborer whom he discharged, and the man is said to have threatened to put the Black Hand on his trail. Two Italians were arrested this morning and are held pending the action of the coroner.

After Heath's Ark.

In stopping the tugboat Bartholdi from carrying passengers to and from the houseboat known as "Jack Heath's Ark," the commissioners of the District of Columbia hope to put difficulties in the way of the alleged gambling den which is said to be maintained on that craft. It was learned by Commissioner Macfarland yesterday that the arrangement under which the Bartholdi uses the wharf of the Independent Steamboat and Barge Company in Washington is an oral one and is without the consent of the commissioners, as is required by the lease. The steamboat and barge company was immediately notified that if the arrangement is not vacated at once the District government will take steps to recover possession of the wharf, as subsetting is prohibited under the terms of the lease. The Heath "ark" was within the jurisdiction of the Maryland authorities being anchored a short distance beyond Jones's Point. It was towed to Washington last Monday. Most of the visitors to the ark came to Alexandria and were carried on the Bartholdi to the floating gambling house.

Defrauding Boarding House.

Among the cases in the Police Court this morning was that of Abram Lane, colored, who had been arrested as he was about to leave the city without paying a two-weeks' board bill. The complainant was Kate Smith, colored. Justice Caton imposed a fine of $15, and in default of payment the accused will be sent to the chain gang for 30 days. This is the first case in the Police Court of this city where such a delinquent has been dealt with under the present State law regarding persons who defraud boarding houses. The maximum fine is $100 and offenders of this character can be sent to jail for six months. A white woman lodged complaint at the station house last week against three men, supposed to be employed on one of the railroads leading into this city, who she alleged had decamped leaving their board bills unpaid. The above may prove interesting to such, as should they be apprehended they will doubtless be summarily dealt with.

T. P. A. Association.

On Friday evening, the 31st inst., Post F, Travelers' Protective Association, will give an evening excursion on the steamer Jamestown. The association embraces in its membership more than one hundred of our manufacturers, jobbers, buyers and salesmen. This is the first business organization to give an excursion on the Jamestown, and the public are urged to avail themselves of this opportunity to combine with pleasure their appreciation of the establishment of the new ferry line, the fleet plying between here and Norfolk and the finest excursion steamer afloat, the Jamestown. The following are members of the excursion committee: Messrs. Frank S. Harper, H. Kirk, jr., H. K. Field, Jno. P. Robinson, E. S. Leadbeater, J. M. Willis, E. Goldsmith, R L. Monroe, A. D. Brockett, W. A Smoot, jr, T. C. Howard, Zoro Hill, Geo. H Harlow, R. M. Graham, J. Y. Williams, Harry Hammond and M. P. Greene.

Stray Horses.

Thomas Arrington, colored, was fined $2 in the Police Court this morning for allowing his horses to run at large in the street. There is continued complaint in nearly every part of the city of the action of owners of horses in turning the animals loose in the streets. Such procedures are common in the southeastern section of the city, and the animals often gallop through the streets or in places where little children congregate, causing parents no little anxiety. Officer Nicholson made the arrest referred to above, and it is hoped officers on beats in other localities will follow his example.

Assaulted by a Woman.

Much of the time of the Police Court this morning was consumed in the examination of a case in which a white woman living on south Lee street was charged with using a whip on a young girl and her mother. The complainants and the defendants live in adjoining houses and the trouble which culminated in the assault yesterday is of long-standing, originating over a hydrant which is used by both families. The accused admitted she applied the lash to the child and the mother, but stated that the assault was provoked. She was fined $5.

More Rains.

Jupiter Pluvius still held sway over Alexandria and vicinity last night, copious showers having fallen at intervals. While considerable inconvenience has necessarily been experienced hereabouts, no material damage has resulted in the city proper. The roads leading to Alexandria, however, have been damaged, and the losses sustained by truckers is said to be considerable. The railroads leading to this city have been injured at certain points by landslides and floods, and many of the trains arriving here are hours late.

A Distressing Case.

The four-year-old daughter of Mr. Harry Hudson, of this city, terribly cut herself yesterday at Culpeper, where the parents of the little girl were visiting. The child in some way procured a razor and while pretending she was shaving herself split both cheeks wide open and cut a horrible gash in her throat. She was brought to this city this morning for treatment. While the little girl's injuries are not necessarily fatal, she will be disfigured for life.

Deaths.

Mrs. Lucinda E Bushby, wife of Mr. William Bushby, died in Washington yesterday. The deceased was in her 72d year. The deceased was a daughter of the late Bartholomen Delphey, of this city.

Mrs. Margaret Flood died in Washington yesterday. The deceased was 81 years old. Her remains were brought to this city today and interred.

City Council.

The last meeting of the present City Council was held last night. The session was brief and the business presented was transacted with but little discussion.

BOARD OF ALDERMEN.

None of the matters which came before the board caused discussion. A number of papers which had been acted upon by the Common Council was received from that board and their action concurred in by unanimous votes.

Mr. Simpson introduced a resolution looking toward the settlement of a debt of $5,000 incurred by the School Board in 1889. He stated that since that time interest amounting to as much as the original debt had been paid, and as that was the only outstanding debt against the city, steps should be taken to pay the same.

The resolution was referred to the finance committee.

Mr. Simpson also called up the communication of Mayor Paff recommending that the Corporation Attorney take steps toward defending the injunction proceedings recently instituted in regard to the removal of the Henry street railroad tracks. The paper was received from the Common Council last June and laid over. The action of the lower board was concurred in.

There being no other business before the board, Mr. Burke introduced a resolution tendering the thanks of the Aldermen to President Sweeney for the able manner in which he has presided over the board, as well as for the courtesy shown by him on all occasions.

The resolution was adopted by a unanimous vote, and Mr. Sweeney made a suitable reply in which he thanked the members of the board for the confidence reposed in him.

A resolution thanking the clerk for the satisfactory manner in which he has discharged his duties was submitted by Mr. W. H. Sweeney. This was also adopted by a unanimous vote.

On motion of Mr. Simpson a vote of thanks was extended the Messenger for his satisfactory services during the present session, after which the board adjourned.

COMMON COUNCIL

The board assembled soon after 8 o'clock and fifteen of the sixteen members were present.

The committee on streets reported favorably on an appropriation of $200 for a gutter on Patrick street, between Princess and Oronoco; also for $40 to gutter the north side of Gibbon street from Henry street half a block east, and for $75 for a sewer on Duke street east of Washington, and the reports were adopted.

An account of Samuel P. Fisher, Corporation Attorney, for work done in relation to the electric franchise contract, $100, was presented and referred.

The Auditor reported that the appropriation of $300 for fire plugs was exhausted and an appropriation of $200 additional for that purpose was agreed to.

The reshingling of the roofs of dwellings 210, 212 and 214 on south Lee street was authorized, provided the consent of adjoining property owners was secured.

Council concurred with all the business transacted by the Aldermen.

Mr. Strauss rising to a question of privilege expressed his regret at the retirement of Capt. Bryan, chairman of the finance committee, from the board and complimented Capt. Bryan for his efficient services rendered the city.

The Chair said that this was the sentiment of the entire board.

On motion of Mr. Strauss a resolution of thanks to Capt. Bryan for his services on the finance committee was unanimously adopted.

Mr. Bryan responded in warm terms.

Mr. Leadbeater in moving a vote of thanks to the President, Mr. Snowden, expressed appreciation of the ease and swiftness with which business had been forwarded under his rulings.

He moved a vote of thanks to the President and his motion having been seconded by several members

Mr. Williams put the question and the vote of thanks was adopted unanimously.

The President returned his thanks to the members of the board for this expression of their approval and for their uniform courtesy to him during his term of office and said he believed all the members had worked earnestly and conscientiously for the advancement of the city's welfare.

He then declared the board adjourned sine die.

Prisoner Killed.

Atlanta, Ga., Aug. 29.—In a desperate fight within the walls of the United States penitentiary Ed. Richmond, a prisoner, serving a sentence for train robbery, and one of the most desperate characters in the prison, was today killed by Pete Frey, a guard. The prisoner attacked the guard very unexpectedly and had him in a death grip when the latter broke loose. In self defense, the guard shot and instantly killed Richmond. Richmond was sent up from Indian Territory.

Five Men Killed

Loveland, O., Aug. 29.—Five laborers were killed at Symmes, near here, this morning. They stepped out of the way of a freight train and were struck by a Baltimore & Ohio southwestern passenger train. All were thrown high in the air and instantly killed.

Collided With Wreck.

New York, Aug. 29.—The Brewster Express on the New York Central with eight coaches loaded with passengers coming into the city crashed into the wreck of a freight train on the main tracks between One Hundred and Seventy-fifth and One Hundred and Seventy-six streets, today, killing one man instantly, fatally injuring another and causing the wildest kind of a panic among the several hundred passengers.

Charges Against Federal Officials.

L. H. Fisher, secretary of the Fourth Civil Service district, is in Danville and it is said that his mission is to investigate charges that have been preferred against many of the most prominent federal officers in Danville for engaging too actively in politics. Allegations to this effect have been made by Capt. W. P. Robinson, candidate for postmaster in Danville, but whether he has filed any official complaint to the Civil Service Department is not definitely known. Captain Robinson and a number of his supporter were in consultation several times yesterday with Mr. Fisher, but none of them would divulge the nature of the interview. Postmaster C. T. Barksdale is a candidate for reappointment, and it is alleged that the action of Captain Robinson is for the purpose of weakening his cause. In addition to Mr. Barksdale, Assistant Postmaster J. B. Stovall, Deputy Collector G. M. Tucker and scores of clerks and carriers are said to be under fire for their participation in local politics.

He Was in Trouble.

"I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Goodloe, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25c at E. S. Leadbeater & Sons' drug store.

Murdered by His Son.

James F. Sloane, a pioneer merchant of Spokane, Wash., was killed Monday night by his 17-year-old son Sidney. The body was found yesterday behind a pile of rocks in an alley near his home. There were great gashes in his head and a trail of blood led from the alley to Mr. Sloane's home. Investigation proved that he was murdered in his room shortly after midnight, the body then being placed in a wheelbarrow and then taken to the alley. When taken into custody by the police shortly after the body was discovered yesterday Sidney protested his innocence, but later confessed that he had killed his father with an axe. The boy said he hoped to get possession of $500, which he thought his father carried. Mr. Sloane had been one of Spokane's leading merchants for years. He was the senior member of the Sloane-Paine Company.
